GRADE SPECIFIC

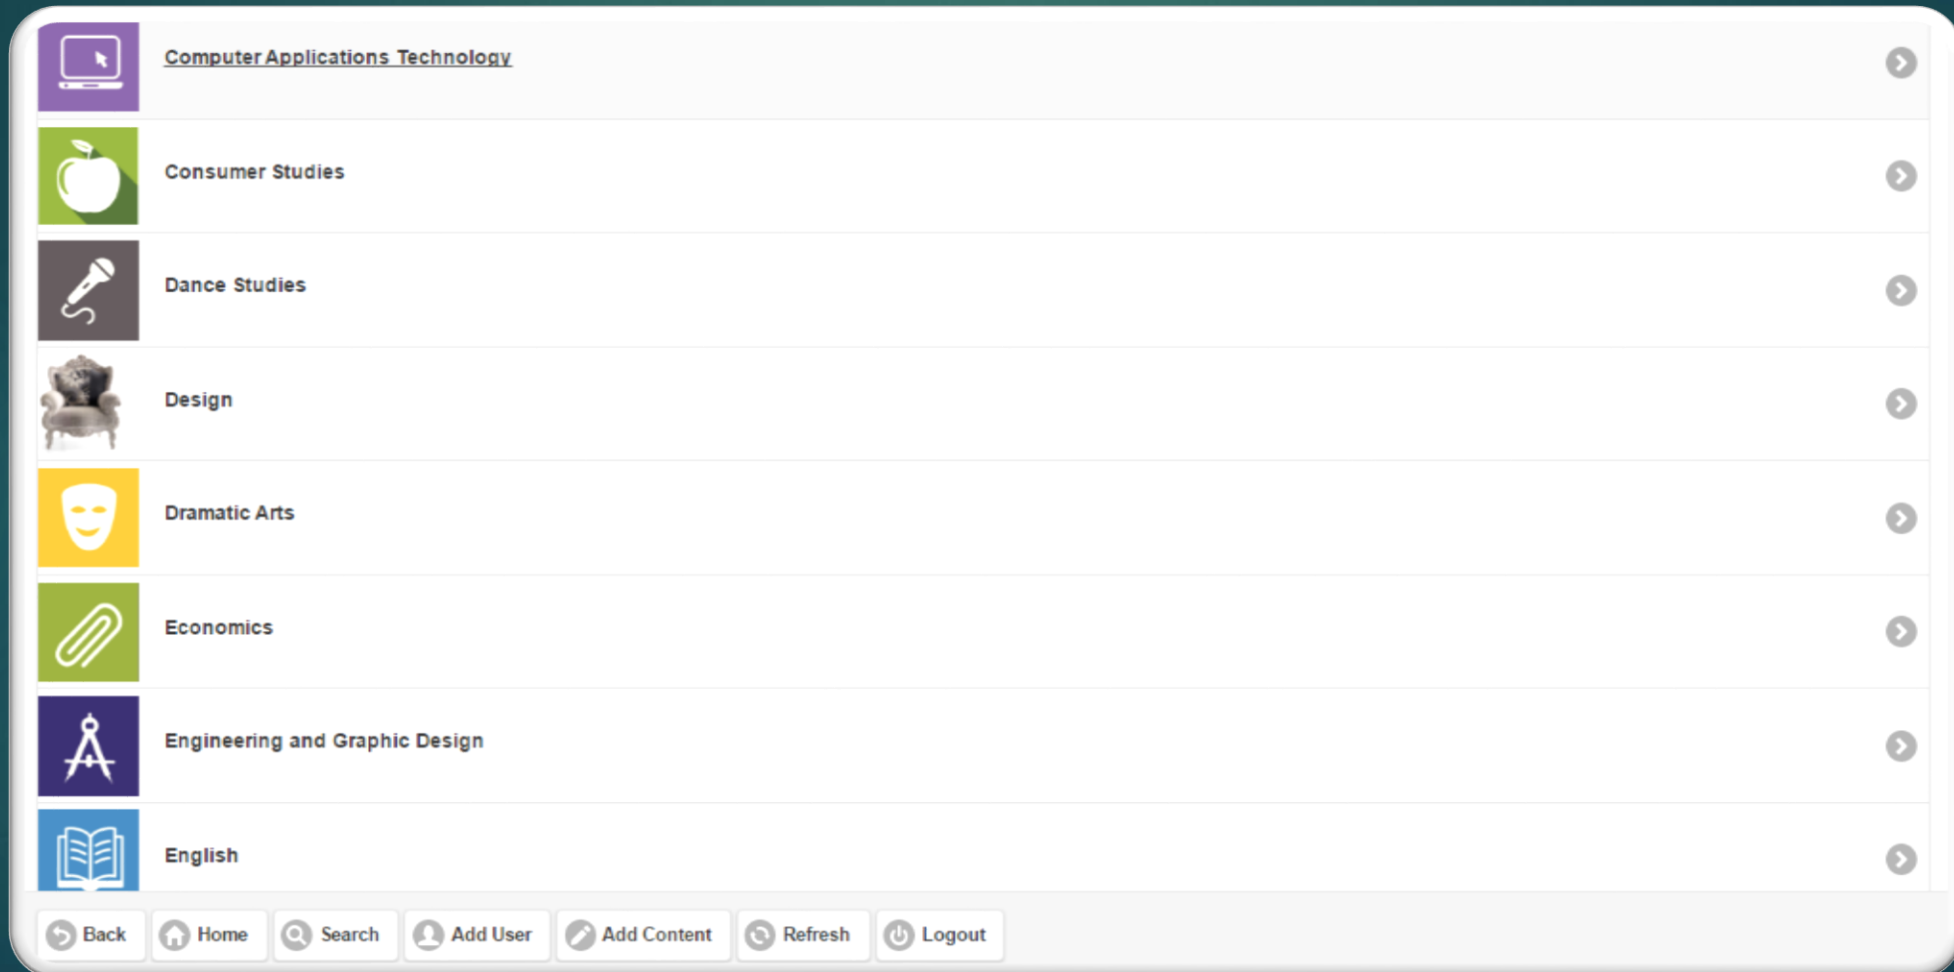

A navigation menu for grade-specific content. It features a list of options, each with a colored square icon containing a number or symbol, followed by the text label, and a right-pointing arrow icon. The options are Grade 8 (green), Grade 9 (brown), Grade 10 (purple), Grade 11 (pink), Grade 12 (teal), Resource Library (blue with book icon), and Site Champion (orange with person icon). The Grade 8 option is highlighted with a green underline. Below the list is a light gray bar with six buttons: Back (left arrow), Home (house icon), Search (magnifying glass), Add User (person icon), Add Content (pencil icon), Refresh (circular arrow), and Logout (power icon).

LOGIN MOODLE

The screenshot shows the Moodle login interface. At the top left is the Moodle logo and 'Moodle TECHNOLOGY' text. A blue navigation bar contains a 'Home' link with a house icon. On the right of this bar, it says 'You are not logged in.' The main content area has a light yellow background and is divided into two columns. The left column is titled 'Log in' and contains a 'Username' input field, a 'Password' input field, a 'Log in' button, a 'Remember username' checkbox, a link for 'Forgotten your username or password?', a note about cookies, and a 'Log in as a guest' button. The right column is titled 'Is this your first time here?' and contains a welcome message, a list of 7 steps for creating an account, and a 'Create new account' button.

Some courses may allow guest access

Is this your first time here?

Hi! For full access to courses you'll need to take a minute to create a new account for yourself on this web site. Each of the individual courses may also have a one-time "enrolment key", which you won't need until later. Here are the steps:

1. Fill out the [New Account](#) form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be logged in.
5. Now, select the course you want to participate in.
6. If you are prompted for an "enrolment key" - use the one that your teacher has given you. This will "enrol" you in the course.
7. You can now access the full course. From now on you will only need to enter your personal username and password (in the form on this page) to log in and access any course you have enrolled in.

MOODLE IS THE PEDAGOGICAL PLATFORM WHERE ALL THAT HAPPENS IN THE CLASSROOM IS CONTROLLED

Digital Citizenship & On-Line Safety Agreement

Trendsetters in Motion

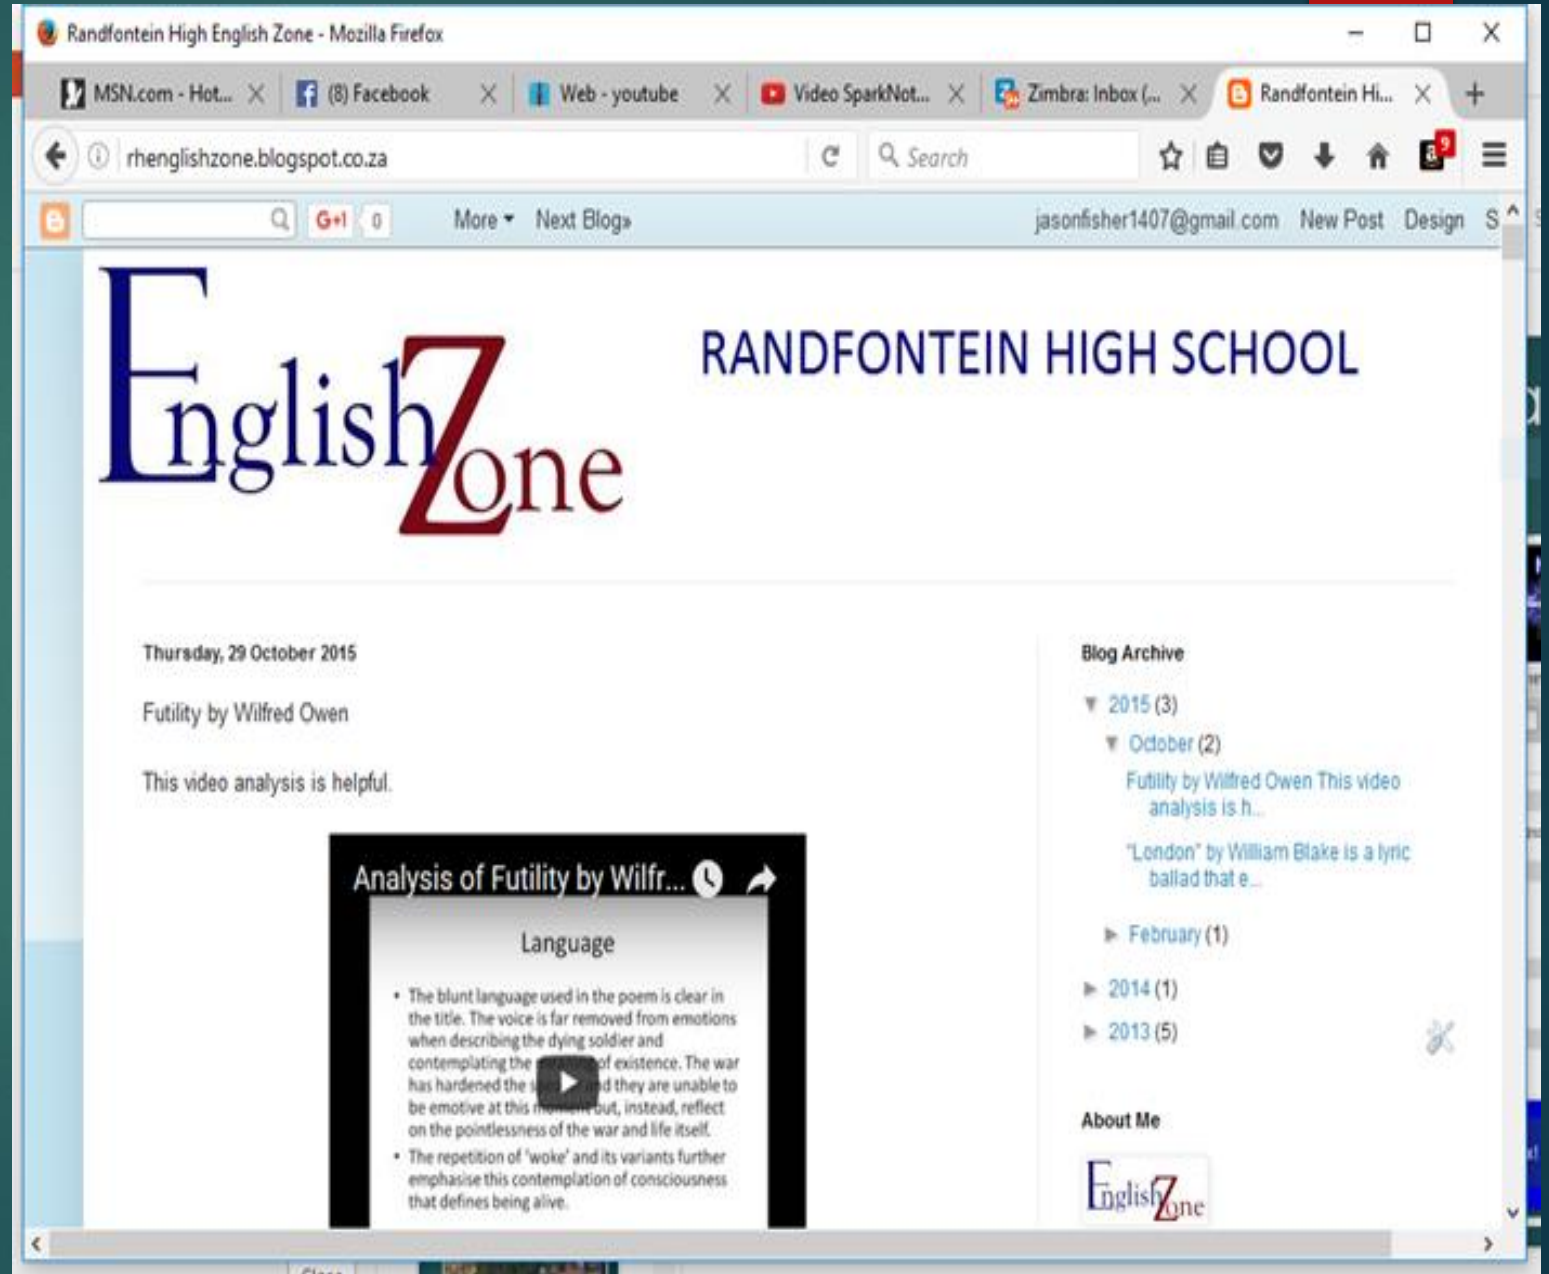

As a student at Randfontein High School, I agree to abide by the following rules when using digital devices at the school. I understand that these rules apply to using a computer, laptop, tablet, mobile phone, or electronic device of any sort while at school.

1. I will have my own user name. I will log on only with that user name. I will not allow anyone else to use my user name.
2. I will not tell anyone else my password and I am responsible for any activity that occurs on an electronic device under my log in.
3. I will not have any involvement with any ICT material or activity which might put myself or anyone else at risk (e.g. bullying or harassing).
4. I understand that I must not at any time use ICT to upset, offend, harass, threaten or in any way harm anyone connected to the school, or the school itself, even if it is meant as a joke.

Digital Communication

Teachers use a variety of social media platforms to communicate and teach.

Dear RHSian

Today, RHS had the honour of hosting a very important stakeholder of Randfontein's development i.e the Mayor, Mr Khumalo. The Mayor was accompanied by several protocol in the political sphere of Randfontein. Today's special assembly consisted only of our Matrics - an unprecedented privilege thus far. Mrs M Henning gave a riveting speech on the importance of parents' involvement in their children's education and the famous white amnesty stones. Additionally, Mr Kh...

RATES

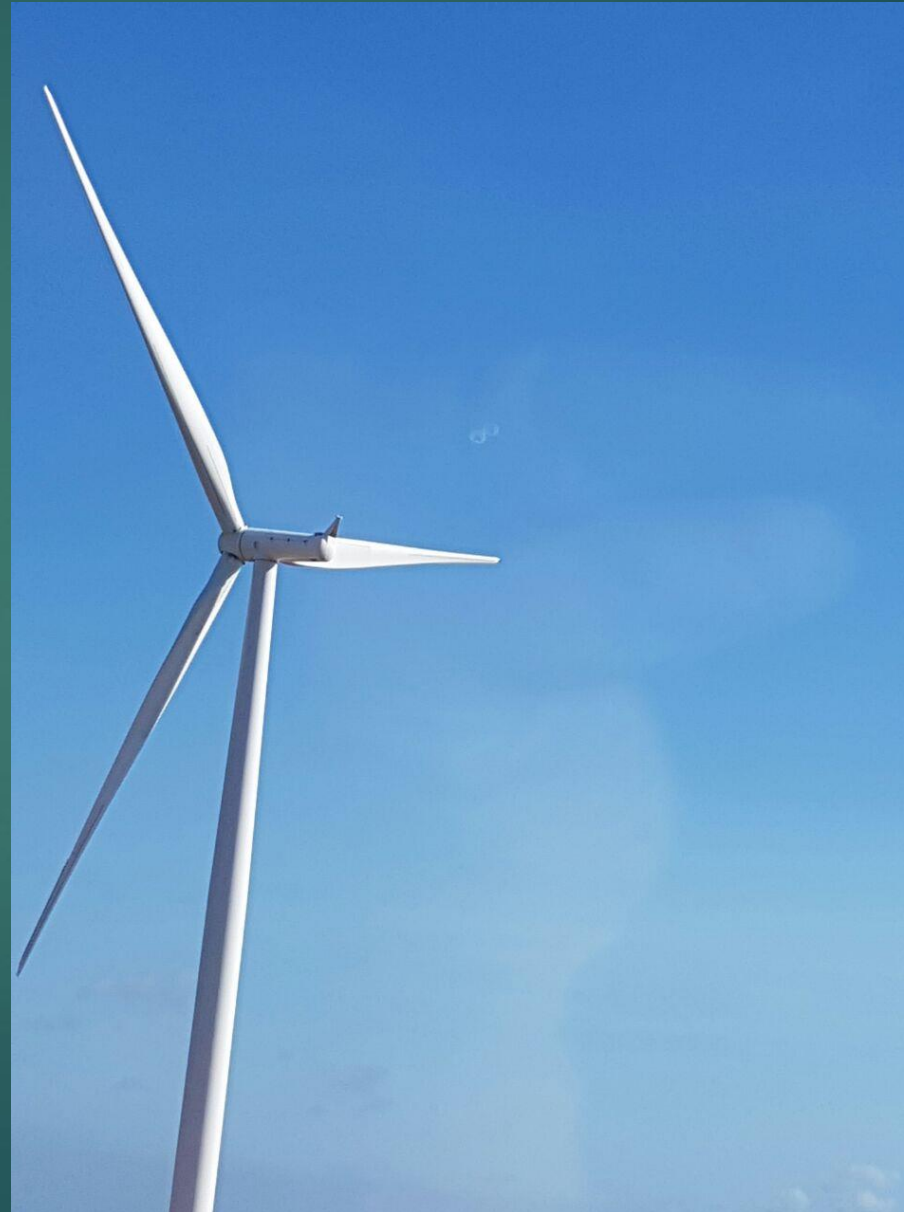

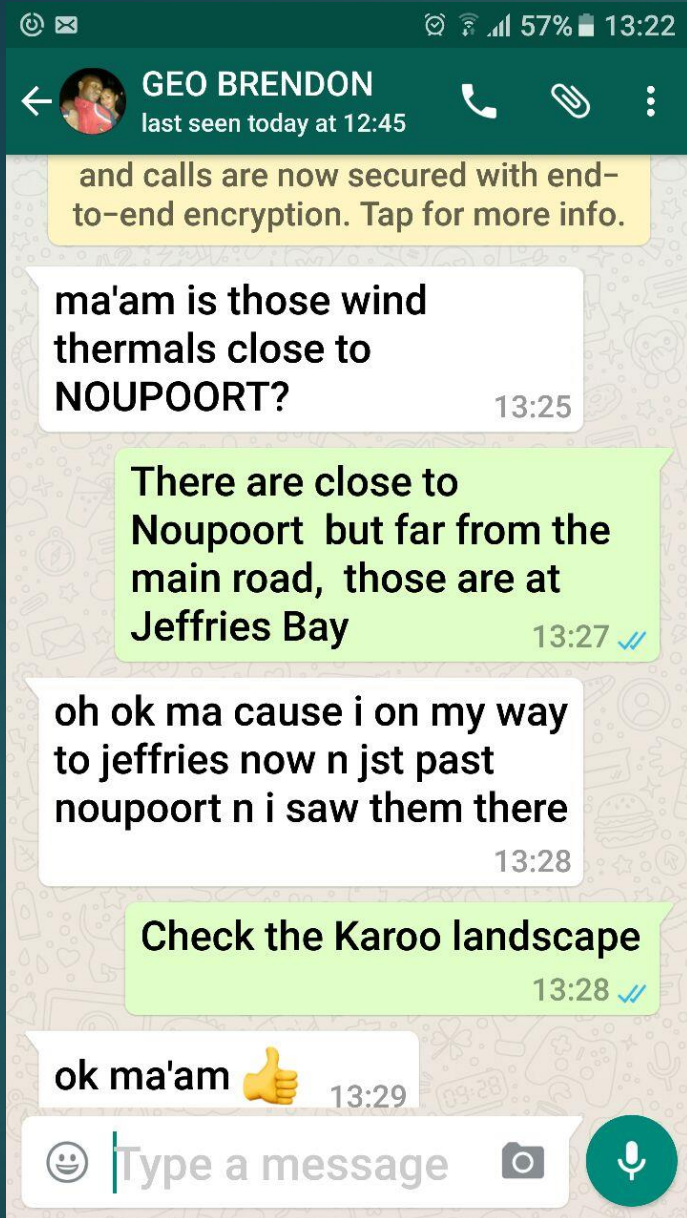

- ✗ A rate is similar to a ratio. Except, in rates, the two numbers being compared have different values of units. We use rates to find the amount per one unit. Such as 60km/h

$$\text{average speed} = \frac{\text{distance}}{\text{time}} \quad \text{which here means distance} \div \text{time}$$

$$\text{distance} = \text{average speed} \times \text{time}$$

$$\text{time} = \frac{\text{distance}}{\text{average speed}} \quad \text{which here means distance} \div \text{average speed}$$

UPDATE

Update

Issue No.69

14 November 2016

EXAMS DIGITISED

Grade 10 learners at Randfontein High School in Gauteng West District made history when they became the first South African learners to receive digitized common exam papers recently.

The school has fully implemented ICT in teaching and learning in 2015 and introduced digitized internal examinations from 2016. On 11 November 2016 when the country's grade 10 learners sat for the national year end Physical Science Paper 1 exam, learners from the school received their paper not in the traditional hard copy, but in electronic format via the intranet of the school.

A password protected paper was uploaded to the school's portal. The security password for the examination paper was received 10 minutes prior to the commencement of the examination to enable learners to access the paper. Learners, who by now were familiar with

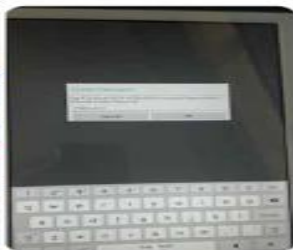

writing exams from their digital devices, were taken through the process. All learners in the classrooms were in possession of their own digital devices, ranging from smartphones, 7", 10" tablets, notebooks and laptops.

Learners were, amongst others, able to enlarge the graph in the paper to be able to read the location of particular points on the graph more accurately.

At the end of the exam, the paper was concealed again on the internal network so that anyone who wanted to review the paper afterwards would have access via the password.

This process will not only save on paper, copy cost, labour and transport in future, but will support improved security as well. Lessons learnt during the pilot, **School of the Future**, will pave the way for their peers to follow.

EXAMS DIGITISED

First digitised examinations in SA!

Listening to the rhythm of a Dance Studies task

against something.

- 1.2.3 A program for learners where they spend time learning practical skills in the work place is called job shadowing.

- 1.3 Choose an item from **COLUMN B** that matches a description in **COLUMN A**.
Write only the letter next to the question number, example 1.3.6 K

[5]

COLUMN A		COLUMN B	
1.3.1	Degradation	A	Cruelty to animals
1.3.2	Land	B	Social issue
1.3.3	Inhumane	C	Using most/all resources so that there is nothing left
1.3.4	Deforestation	D	Cutting down trees
1.3.5	Depletion	E	Damaging something
		F	Love of animals
		G	Pollution
		H	Saving most/all resources

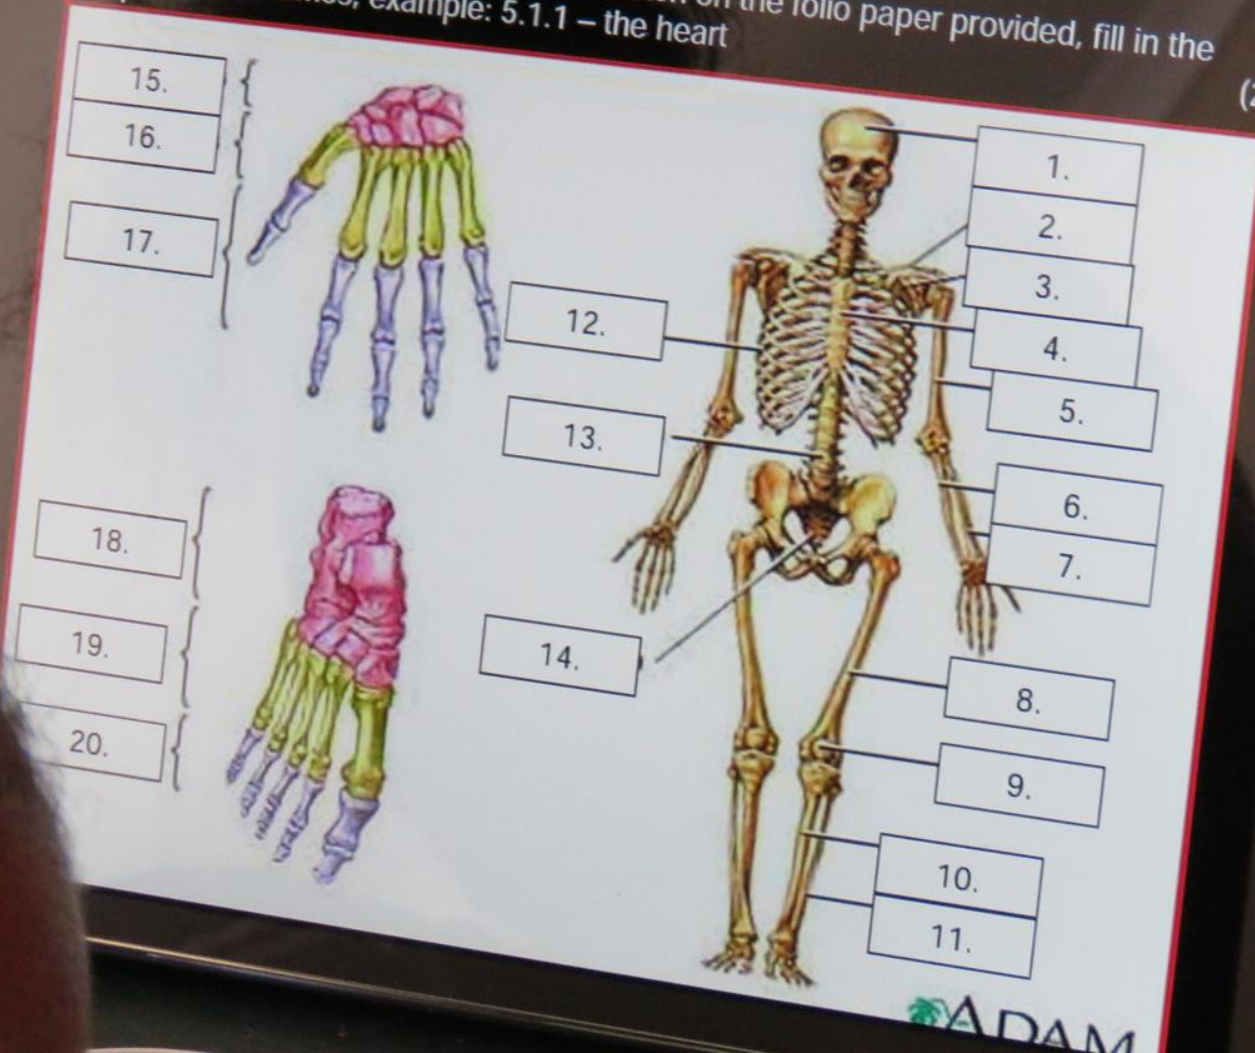

[5]

TOTAL SECTION A: 20
